RE: FAU Route 2305 (Wheeler Road) Resurfacing Project
Section No. 25-00037-00-RS
TIP ID: 09-26-0004
Funding Increase Request

Dear Ms. Lichtenberger:

The Village of Sugar Grove has recently submitted pre-final plans for the Wheeler Road Resurfacing project. The project includes roadway resurfacing, ADA ramp improvements, and all other associated work. The project is currently targeting the April 24, 2026 State letting.

The Village was awarded \$750,000 in STP-L funding for the construction of this project. The construction cost is currently estimated at \$1,144,300. The Village respectfully requests an increase in STP funding of \$108,225 for a total award of \$858,225. This amount would represent funding for construction at a full 75% Federal/25% Local split. This project is an important improvement in the Village as this corridor provides critical access to businesses and residents alike, and the pavement condition is in need of investment to maintain a state of good repair.

Please note that the additional funding request is specific to construction only. The Village still intends to fund construction engineering with only local funding. The construction engineering fees are currently estimated at \$114,500.

The Village appreciates the Council's consideration and continued support. If you have any questions or need any additional information, please contact me at (630) 391-7234.

Sincerely,

Brad Merkel
Director of Public Works
Village of Sugar Grove
