II. General Business

- a. Planning Liaison Update

Noah Jones gave the PL Update

Changes to Council Staff

Ryan Peterson has left Kane County and Troy Simpson has taken over as the Bicycle and Pedestrian Coordinator. Noah Jones has joined KKCOM as a Regional Planning Liaison from his role as a Traffic and Permitting intern for the Kane County DOT. Welcome Noah!

Upcoming Meetings

The next KKCOM Transportation Policy Committee will be taking place on **October 15, 2020** at the Kane County Government Center Auditorium at 1:00pm.

The next KKCOM Bike Ped Committee will be taking place **TBD** in December (the planned meeting conflicts with the CMAP Bicycle and Pedestrian Task Force.)

Funding Opportunities/Announcements

Illinois Transportation Enhancement Program (ITEP) Cycle 14

IDOT is now accepting applications for the Illinois Transportation Enhancement Program (ITEP) through **November 2, 2020**. Agencies may use the funding for a variety of projects:

- Pedestrian/Bicycle Facilities
- Streetscapes
- Conversion of Abandoned Railroad Corridors to Trails
- Historic Preservation and Rehabilitation of Historic Transportation Facilities
- Vegetation Management in Transportation Rights-of-Way
- Archaeological Activities Relating to Impacts from Implementation of a Transportation Project
- Storm Water Management, Control and Water Pollution Prevention or Abatement Related to Highway Construction or Due to Highway Runoff
- Reduce Vehicle-Caused Wildlife Mortality or Restore and Maintain Connectivity Among Terrestrial or Aquatic Habitats
- Construction of Turnouts, Overlooks, and Viewing Areas

More information is available on the IDOT [website](http://idot.illinois.gov): idot.illinois.gov.

Illinois Department of Natural Resources—Boat Access and Snowmobile Trail Funding

Illinois Department of Natural Resources (IDNR) is accepting applications for funding through the Boat Access Area Development grant program. The deadline to apply is **Oct. 2, 2020**. The Boat Access program is a state-financed grant program that provides funding assistance to local government agencies for acquisition and/or development of land for public boat and canoe access areas in Illinois. The program can provide up to 100 percent reimbursement funding assistance on approved development project costs and 90 percent reimbursement on land acquisition costs

The Snowmobile Trail Establishment Fund provides financial assistance up to 100 percent of eligible development/rehabilitation and equipment costs incurred by a local agency for approved projects that benefit public snowmobiling opportunities. The primary purpose is to provide financial aid to eligible private, not-for-profit snowmobile clubs to construct, maintain and rehabilitate snowmobile trails and facilities on public lands, designated roadways, or private land opened to such use in the state. Deadline to apply is **October 1, 2020**. See the IDNR [website](http://www2.illinois.gov/dnr/Pages/default.aspx) for more information: www2.illinois.gov/dnr/Pages/default.aspx

Shared Fund and CMAQ/TAP Programs

The next call for STP-Shared Fund and CMAQ/TAP projects will be in **January 2021**. As a reminder, Phase 1 Engineering must be substantially complete by the time applications are due (mid-March) for STP-Shared and for CMAQ/TAP projects.

2020-2022 Urban & Community Forestry Grants

The Morton Arboretum is administering a [grant program](#) to offer urban and community forestry grants of \$3,500 to \$20,000 to municipalities, tribal governments, park districts, counties, and other units of local government in Illinois. Awardees are required to provide a 100% cash or in-kind match to their grant funds. This grant provides funds for an inventory of public trees and an accompanying urban forestry management plan. For this cycle, there are no funds available for tree planting. However, tree planting may be used as match with some limitations, as noted in the [Request for Proposals](#). Municipalities are required to pass a tree preservation / protection ordinance before the end of the grant period and assistance to complete this requirement will be provided by The Morton Arboretum at no charge. Applications are due **Friday, September 25th, 2020 at 5:00 p.m.** and the grant period ends Monday, August 1, 2022. See the Chicago Region Trees Initiative (CRTI) [website](#) for more details.

KKCOM Staff Activities

Council Staff will be attending the Illinois Bike Summit this year, occurring on **September 15, 2020**.

Council Staff will also be attending the Illinois APA conference, occurring from **September 16-September 18, 2020**.

KKCOM Agreement Tracker

KKCOM staff have compiled an [agreement tracker](#) on the council [STP page](#) where local agencies can check in to see how long it has been since an agreement was submitted as well as track expected times to assist with Active Program Management. The tracker includes all federal funding sources.

Mobility/Travel COVID-19 Data

Council staff have been keeping up-to-date reports on mobility data provided by Google Maps giving insights into the type of travel people are undertaking in our local region as well as the volume of travel during the COVID-19 situation. Reports will continue to be updated so long as the data is available. The reports/data are hosted on [GitHub](#).

Regional Transportation Authority COVID Dashboard

The RTA has provided a region-wide dashboard for ridership and fare box trends due to the ongoing pandemic, including revenue impacts to the RTA Sales Tax. Current data show ridership resilience as strongest for bus services, both in the suburbs and the city, with Metra seeing the greatest overall declines in ridership. See the dashboard on the RTA [website](#).

CMAP News

ON TO 2050 indicators dashboard and data

Since the adoption of ON TO 2050, CMAP has continued to track the many indicators chosen to measure progress toward the implementation of the plan's recommendations. Now, CMAP's new dashboard [website](#) provides an up-to-date snapshot of the trends for each indicator. Additionally, anyone interested in viewing or using the raw data can find it on their [GitHub page](#), which they will update continually over the life of the plan. Of interest to the KKCOM Bicycle and Pedestrian Committee members are data on parks access, preserved acreage and non-Single Occupancy Vehicle trip mode percentages.

Prairie Green Forest Preserve gets a shout out in CMAP Policy Update

In a new CMAP Policy [Update](#) on reimagining an economic recovery with a low-carbon future, Geneva and the Kane FPD were recognized for open space protection and land management practices enabling the sequestration of carbon as well as storm water management.

b. ITEP Cycle 14 Applications

Troy started a discussion regarding ITEP Cycle 14 Potential or Confirmed Applications. He mentioned that this year's ITEP application cycle has an official mark of \$105.6 million. The fund has been augmented by an annual state allocation of \$75 million from the State Road Fund. Troy said it should be noted that in Cycle 13, \$261.3 million in applications were received and \$35.7 million in total funds were awards. It was mentioned that council staff would appreciate project sponsors providing advanced notification of project applications so they can be entered in the Bikeway Inventory shown in the Bicycle Facilities Implementations [Dashboard](#). Project sponsors who are unsure of which facilities to apply for are encouraged to consult the dashboard and its filters as well. He advised everyone that we are keeping the bike facilities implementation dashboard. The Forest Preserve District mentioned that they would have one or two applications.

III. Announcements/Updates

a. Coordinator Updates

Troy Simpson gave a few announcements and updates.

Bike Share System Update

The bike share system launched on **July 31** in three municipalities: Aurora, Elgin (Downtown Neighborhood Association), and Montgomery. The City of Batavia is currently awaiting final delivery of their e-bike fleet. Station locations include:

- City of Aurora: Water St. Pedestrian Mall (City Hall), RiverEdge Park/Aurora Transportation Center, Aurora Main Library
- City of Elgin: Fountain Square Development, North Grove Ave. and Kimball Ave. and Festival Park
- Village of Montgomery: Village Hall
- City of Batavia: South Plaza @ City Hall + 1 additional TBD

There have been 130 rides since the program launched on July 31st (Up to September 1st) with 31.3% of the revenue generated coming from riders from annual memberships and 68.7% coming from non-member riders.

KKCOM staff have been in contact with McHenry County staff, who are coordinating a launch with Koloni in the Spring of 2021 which would allow for Kane County users to cross-pollinate. Sponsors interested in joining should contact Troy Simpson at simpson Troy@co.kane.il.us.

Fox River Trail Signage Summer Inventory

Council staff rode the Fox River Trail and inventoried signage in June of 2020. Applicable Park Districts and Municipalities can review the [information](#) on the KKCOM website's Bicycle and Pedestrian information [webpage](#). Staff are already aware of alignment changes which may alter signage. Please forward these to Troy Simpson at simpson Troy@co.kane.il.us.

KKCOM Bicycle and Pedestrian App Update

KKCOM staff have revised/updated some aspects of the KKCOM Bicycle and Pedestrian App. Updates are now about 85% complete. Changes include updates to the Bike Shops layer (adding the City of Elgin's new Community Bike Shop) as well as a change from Bicycle Level of Service to the Bicycle Level of Traffic Stress measure. The app is hosted on the KKCOM Bicycle and Pedestrian information [webpage](#) as well as the Kane County DOT Bicycle and Pedestrian Resources [webpage](#).

Kane and Kendall Counties Bike Map Update

KKCOM staff have finished updates to the Kane and Kendall Counties bike map based on both comments received at the February 20, 2020 Bike Ped Committee as well as NearMap aerial imagery. Pending some issues with representation of County rights of way, the bike map should be posted within the next month. The current draft copy was included in the agenda packet. Monica confirmed that the committee looked at the bike/ped map at the last meeting. Troy mentioned that he did a satellite sweep to make updates to the map recently. He mentioned that he keeps the map updated regularly. There is also a formal update every two years.

KKCOM Bicycle Facilities Implementation Dashboard

Council staff have created a [tool](#) to serve in lieu of the KKCOM Bicycle and Pedestrian Planning map. The layer in the map is comprised of the municipal plans consolidated from the 2012 Kane County Bicycle and Pedestrian Plan as well as aerial edits for existing facilities up to the present. Staff is able to continually update the attributes and geometry of the map layer so updates from project sponsors that impact the trail system should be forwarded to Troy Simpson at simpson Troy@co.kane.il.us. The tool is hosted on the KKCOM Bicycle and Pedestrian Information [webpage](#) as well as the Kane County DOT Bicycle and Pedestrian Resources [webpage](#).

Other CMAP News

At the **August 6, 2020** CMAP STP Project Selection Committee, CMAP Staff laid out a proposed set of [changes](#) to the STP-Shared Fund methodology that would add a category for standalone bicycle/pedestrian projects. Those changes were discussed and have been carried forward to the **September 3, 2020** STP Project Selection Committee. Proposed changes (at current) include:

- Market for the Facility (Based on CMAP [Population/Employment](#) quintiles and the CMAP [Transit Availability Index](#))
- Water barriers scoring takes into account whether or not an *adequate* alternative crossing exists near the project location
- Complete Streets factors could now include elements such as Refuge Islands, Curb Extensions/Bump-Outs/Chicanes, Bicycle racks and/or bike-sharing docks, Crosswalk or lane enhancements, and Pedestrian beacons or countdown signals.

See the detailed changes as proposed [here](#). Changes will be reflected in some facet in the STP-Shared Fund call for projects due to open in January 2021.

At the **September 3, 2020** CMAP CMAQ Project Selection Committee, CMAP Staff laid out a proposed set of changes to the CMAQ Methodology including:

- Removal of the Regional Priorities scoring category in favor of a category comprising of Inclusive Growth (10 points), Emissions Reduction Cost Benefit (60 points), and Transportation Impact Criteria (30 points)
- Moving the Transit Supportive Land Use Scoring to the Transportation Impact Criteria
- Changing the Transportation Impact Criteria to include Ridership (10 points), Reliability or Asset Condition (10 points), and Transit Supportive Land Use (10 points)
- Changing measures used in the scoring for the Bicycle Transportation Impact Facility Connectivity criteria by replacing the Pedestrian Environment Factor with the Level of Traffic Stress measure for roads connecting to the bicycle facility project termini
- Removing the Annual Health Benefit criteria from the Direct Emissions Reduction Transportation Impact Criteria and assigning 5 additional points to the Benefits Sensitive Population scoring for a total of 25 points.

Those changes were approved by the committee and will be reflected in the January 2021 call for projects.

b. Director Updates

Monica gave a few director updates. She mentioned that the Kane County Forest Preserve keeps trail updates on their website and try to keep them as up to date as possible.

She also mentioned a few projects and gave an update on them

- There is currently repaving going on of the Fox River Trail South of Interstate 90 and the Raymond Street tunnel
- The LeRoy Oaks Trail extension just had its second appraisal done. The target finish date for this project is by the end of this year.
- The South Elgin switchback is almost complete.

c. Public/Local Agency Updates

There were three public/local agency updates given.

- Ed Barsotti gave an update on the Ride Illinois Bike Summit taking place on **Tuesday, September 15, 2020**. The summit will include 40+ speakers.
- Jerad Chipman gave an update on behalf of the Village of Montgomery. He mentioned that Montgomery is currently working on trail extensions and that they hope to have them done by the end of this year. He also briefly mentioned the new Bikeshare in Montgomery.
- Roopa Anjanappa gave an update for the City of Aurora. They are going to be applying for an ITEP grant. They are also working on extending the Montgomery Road multi-use path from the CN Rail tracks to Route 59.
- Troy Simpson from KKCOM went over the Bike Facilities Dashboard. He showed the county-wide bike plan and how you can look at existing, future, planned, and programmed bike facilities through the county.

IV. Next Meeting(s)

The next meeting will be TBD (The CMAP Bicycle and Pedestrian Task Force is scheduled for December 2nd)

V. Adjournment

The meeting was adjourned at 2:45p.m. following a motion from Ed Barsotti and a Second from Jerad Chipman.

Funding Opportunities

CMAP STP-Shared Fund and CMAQ/TAP Programs

The next call for STP-Shared Fund and CMAQ/TAP projects will be in January 2021. As a reminder, Phase 1 Engineering must be substantially complete by the time applications are due (mid-March) for STP-Shared and for CMAQ/TAP projects. View the approved draft application packet on the CMAP [website](#).

FEMA Flood Mitigation Assistance Program (FMA)

The Flood Mitigation Assistance Program is a competitive grant program that provides funding to states, local communities, federally recognized tribes and territories. Funds can be used for projects that reduce or eliminate risk of repetitive flood damage to buildings insured by the National Flood Insurance Program. Recipients are chosen based on the ranking as well as the eligibility and cost-effectiveness of the project. Recipients are required to develop and adopt a hazard mitigation plan as a condition for receiving the funds. Applications are due to FEMA on **January 29, 2021 at 3:00pm**, with awards anticipated in Summer 2021. Read more on the FEMA [website](#).

FEMA Building Resilient Infrastructure and Communities Program (BRIC)

The Building Resilient Infrastructure and Communities grant program is a new FEMA pre-disaster hazard mitigation program that replaces the existing Pre-Disaster Mitigation (PDM) program. The annual mark for the program has increased to \$500 million, up from an average of \$100 million per annum. The program's focus is on capability and capacity building, with eligible projects including moving buildings out of floodplains and strengthening building codes. Applications are due to FEMA on **January 29, 2021 at 3:00pm**. Read more on the FEMA [website](#).

Five Star and Urban Waters Restoration Program

The Five Star and Urban Waters Restoration Program, through the National Fish and Wildlife Foundation, focuses on the stewardship and restoration of coastal, wetland and riparian ecosystems across the country. Those interested can view the [Request for Proposals](#) for more information. Proposals are due by **January 28, 2021**.

KKCOM Staff Activities

Council staff attended the Bicycle Infrastructure and IDOT Policies Training on **September 14, 2020**.

Staff attended the Illinois Bike Summit on **September 15, 2020** and the Illinois APA Conference, which occurred **September 16 – September 18, 2020**.

Staff attended the 2020 IDOT Fall Planning Conference sessions throughout **October** on the Effects of COVID-19 on Transportation and Planning, Active Transportation Funding, Mapping and Access, Electrification and Planning and Environmental Linkages.

Staff attended sessions for the 7th Annual Summit on Regional Competitiveness from **November 16 – November 20**, hosted by the Federal Reserve Bank of Chicago and the Alliance for Regional Development. Of note were transportation-heavy sessions on Systemic Impacts of Mobility Innovations, Reshaping Mobility, and Transforming the Great Lakes Port.

KKCOM Agreement Tracker

KKCOM staff have compiled an [agreement tracker](#) on the council [STP page](#) where local agencies can check in to see how long it has been since an agreement was submitted as well as track expected times to assist with Active Program Management. The tracker includes all federal funding sources.

Mobility/Travel COVID-19 Data

Council staff have been keeping up-to-date reports on mobility data provided by Google Maps giving insights into the type of travel people are undertaking in our local region as well as the volume of travel during the COVID-19 situation. Reports will continue to be updated so long as the data is available. The reports/data are hosted on [GitHub](#).

Reminder – CMAP Sidewalk Inventory

ON TO 2050, the region's comprehensive plan, encourages the development of compact, walkable communities. To support this recommendation, CMAP created the [Sidewalk Inventory](#). This publicly available tool provides data that identifies gaps or opportunities for connections in a community's sidewalk network. Watch the new [video](#) to learn how communities can use the database to prioritize sidewalk improvements in the future. KKCOM staff created a localized accessible [map](#) of this data which can be filtered based on population and employment projections from ON TO 2050. It should be noted that those projections are due to undergo adjustments due to COVID.

FROM: Council Staff
RE: Fox Valley Bike Share System

The initial sponsors of the bike share system for the 2020 riding season included Aurora, Elgin, Batavia and Montgomery. Budget uncertainty and safety concerns led to a delayed launch date of July 31. This start date was extended even further for the City of Batavia, which was unable to receive a shipment of electric bicycles due to supply chain issues. Participating municipalities entered into a two-year service contract with Koloni (Council staff are requesting that Koloni allow a one-year option for municipalities interested in joining for the 2021 riding season).

The bikes have been pulled for Winter as of November 15, and will return as early as May 15 and not later than June 1 of 2021. Council staff have gathered some summary statistics for the program:

- *Ridership:* 277 overall from July 31 to Nov 15.
- *Highest ridership stations:* Aurora City Hall, Festival Park (Elgin), Fountain Square (Elgin), Depot Museum (Batavia)
- *Total System Revenue:* \$1,730.78
- *Membership/Individual Rider Revenue Ratio:* 70.5% individual riders, 29.5% membership

Sponsors which participated in the system this year received a \$7k subsidy from Kane County which is not anticipated to be available for the next year. Council staff have created some figures and projections (next page) which show anticipatory revenues based on each of the participating municipalities' fleet sizes.

Council staff have also provided a draft of the contract that was entered into by each of the initial four municipalities in the following pages of the packet.

Council staff held a meeting with the initial municipalities to address issues with the program relating to and not relating to impacts of COVID. It was noted that several contract items were not followed up as intended, and the vendor (Koloni) is currently working on a response and plan to address some of these issues which should be available in the coming week. Council staff will give a contextual overview of some of the contract issues at the meeting.

Council staff asks that any sponsors interested in taking part in the system provide notice to us and get involved early before the 2021 riding season.

Services Agreement

This Services Agreement, dated as of _____ (this "Agreement"), is entered into between Koloni, Inc., an Iowa corporation, located at 325 N. Main St. Pocahontas, IA 50574 ("Koloni"), and _____ ("Customer"), and together, the "Parties", and each, a "Party".

NOW, THEREFORE, in consideration of the mutual covenants and agreements hereinafter set forth and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Services. During the term of this Agreement Koloni shall provide to Customer the following services:

1.1 Access to pedal bikes, electric bikes, electric cargo bikes ("Goods"), and bike racks as paid by the Customer to Koloni for use by bike riders ("Users") during the deployment period (herein defined).

1.2 The deployment of Goods as stated in Section 8.

1.3 The access to Koloni management software as governed by Exhibit 1.

1.4 Maintenance as stated in Section 8.

1.5 Customer service as stated in Section 8.

1.6 Any specific requirements as defined in and set out in one or more Order Form(s) to be issued by Koloni and accepted by Customer as attached in Exhibit 2.

2. Software License Agreement. Customer agrees to the Software License Agreement as attached in Exhibit 1.

3. Term of Agreement, Exclusivity. The Term of this Agreement begins on the date as stated on the above and terminates on December 31, 2021 ("Termination Date"). Customer may extend this Agreement for a period not to exceed 12 months from the Termination Date with written notice to Koloni. If Customer extends this Agreement, then Koloni shall provide updated fees for the Goods and the parties will work together to update this Agreement as necessary.

4. Fees. In consideration of this Agreement and during the Term, Customer shall pay Koloni as attached on the Order Form and Koloni shall provide the number and type of Goods as stated on the Order Form. The following fees are set for the Term:

(a) \$1,500 per pedal bike annually

- (b) \$1,800 per electric bike annually
- (c) \$2,500 per electric cargo annually
- (d) \$200 per bike rack (1 bike slot, installation not included) annually

4.2 Customer shall pay Koloni 10% of the total invoiced price as stated on the Order Form due upon execution of this Agreement with the remainder of the price due prior May 15, 2020. For the 2021 year all payments shall be due to Koloni by April 1, 2021. If Customer fails to pay the invoice to Koloni according to this Section 4, then Koloni may in its option, stop the system launch or placement of the Goods, remove Goods from active service, and charge the Customer any and all costs associated with the failure of Customer to pay the invoice as due.

5. Transactional/User Fees.

5.1 Customer shall charge the User the following amounts to rent the Goods:

- (a) Pedal Bikes. \$4 for the first hour and \$5 per each additional hour.
- (b) Electric Bikes. \$9 for the first hour and \$10 per each additional hour.
- (c) With long term rates of:
 - (i) 12 Months: \$50
 - (ii) Per Month: \$10
 - (iii) Daily: \$7
 - (iv) College/university student Yearly: \$40

(d) Out of zone penalty of \$10, where said penalty will be assessed to the User when the User returns a Good outside the predetermined geofenced areas.

6. Transactional Revenue.

6.1 Koloni shall, by the 15th of each month, provide Customer with a revenue payment equaling the total of transactional revenue plus membership fees plus in app advertising fees (“Monthly Payment Report”) along with a transactional report stating; a) the number of short term rentals, b) the number of memberships, and c) the in application advertising split for the previous month.

- (a) Transactional revenue is distributed by the following calculation:
 - (i) Deducting any refunds issued by the Customer or Koloni. Removing 5% plus .25 cents of each transaction equals the total amount due to Customer. Transactional revenue is calculated per each unique bike

identification number assigned to the Customer, irrespective of the location rented or returned.

(b) Membership fees revenue is distributed by the following calculation:

(i) Deducting any refunds issued by the Customer or Koloni. Subtracting 20% of the total amount equals the total amount due to the Customer. Membership fees are calculated on a per bike basis, with each Customer apportioned a pro rata share based on the number of unique bikes assigned to the Customer.

(c) In app advertising. Koloni shall retain 50% of all in app advertising fees. In the event Koloni determines that in app advertising no longer produces revenue, it may in its sole discretion terminate the service without notice. All payments owed will be included on the next months Monthly Payment Report.

7. Sponsorship and Advertisement.

7.1 The Customer owns all rights and title to sell or lease advertising space on the fenders of the Goods. Koloni retains the right to place its logo or name on the downtube of each bike, QR code plate and on signage next to each rack or geofenced location to assist in the User of each bike.

7.2 Koloni will, in its best efforts, assist Customer in the recruitment and retention of sponsorship opportunities, including but not limited to, grant writing, presentations, marketing, assisting in sponsorship payment structure, and/or graphic design assistance.

7.3 Koloni will, in its best efforts, attend community engagement events with advanced notice from the Customer.

8. Operations.

8.1 Season Dates.

(a) Koloni shall launch each Customer system as early as May 15th but no later than June 1. In the event the Customer fails to execute this agreement by March 1, 2020 then Koloni, may in its own discretion, launch the system as necessary with notice to the Customer. Koloni shall, within 72 hours of the first snow event causing public works to operate snowplows, remove all Customer Goods and place them in storage. But in no event with Koloni pull all Customer Goods later than December 1 of each year.

8.2 Storage.

(a) Koloni will store all Goods in an appropriate storage facility during the off season at Kolonis expense. During this time Koloni will perform routine maintenance and checks on the Goods.

8.3 Locations.

(a) The Customer will provide Koloni with a details of geofenced locations by March 15 of the initial contract year and March 1 of each year thereafter. Failure to do so may delay the launch. Koloni and the Customer will work together to ensure the proper geofenced locations and number.

(b) Customer will arrange installation and placement of all bike racks and ensure all proper permit and permissions are in place prior to installation. Koloni will assist each Customer to ensure proper installation and placement.

8.4 Maintenance.

(a) Koloni will partner with a local bike shop to perform routine maintenance and repairs to the Goods. The parties will work together to find a mutually acceptable bike shop. Koloni is responsible for the maintenance of each Good, however, in the event of repeated theft and damage, the Customer will work with and assist Koloni in preventing future damage, if Koloni determines a specific geofenced location has repeated damage and/or theft it may remove Goods from that area and deploy them to a new location within the Customer service area.

8.5 Customer Service.

(a) Koloni will respond to all customer service requests from a user within 2 hours of receipt. All user refunds must be approved or denied by Koloni by the end of the following business day they are requested.

(b) Any Customer requests relating to bike maintenance will be addressed within 48 business hours by Koloni.

8.6 Bike Rebalancing.

(a) Koloni will return all bikes to the Customer within 48 hours of notice that the bike rental has ended outside the Customers service area. If a bike that has left a service area due to theft or damage, then Koloni will use its best efforts to replace or return the bike as soon as practical.

8.7 Geofence.

(a) Koloni will grant access to no more than 3 representatives from each Customer, with a preference of 1 contact person per Customer. Each Customer may adjust geofenced locations with 48 hour notice to Koloni and Koloni will rebalance the bikes no later than 48 hours after the location change. Koloni and the Customer will work together to ensure the best practices in the number and location of geofence locations.

(b) If an advertising partner or Customer requests a temporary geofence location, Koloni will state an additional fee amount for the service. The fee will be

based on the number of bikes, timing, and location of the request. Said fee must be paid 50% prior to the temporary location start and 50% at the end of the temporary location.

8.8 Penalties.

(a) If Koloni fails to respond to a customer service response in the time as stated in Section 8.5 or rebalance bikes in the time as stated in Section 8.6, and Customer gives 2 or more written warning of such failure in a calendar month then Customer may assess the following penalties:

- (i) First Failure: \$50
- (ii) Second Failure: \$200
- (iii) Third Failure: \$500
- (iv) Fourth Failure: \$750

8.9 Theft.

(a) In the event of a stolen bike, the parties shall work together to notify the local authorities of the event, including the bike identification number and its last known location. In the event that the bike is not recovered within 7 days, Koloni will replace the bike with a similar or like kind.

9. Koloni will use reasonable efforts to develop an adaptive bike program to launch on a mutually agreed upon date between the Parties.

10. Limitation of Liability.

10.1 IN NO EVENT SHALL KOLONI BE LIABLE TO CUSTOMER ANY THIRD PARTY FOR ANY LOSS OF USE, REVENUE, OR PROFIT OR LOSS OF DATA OR DIMINUTION IN VALUE, OR FOR ANY CONSEQUENTIAL, INCIDENTAL, INDIRECT, EXEMPLARY, SPECIAL, OR PUNITIVE DAMAGES WHETHER ARISING OUT OF BREACH OF CONTRACT, TORT (INCLUDING NEGLIGENCE), OR OTHERWISE, REGARDLESS OF WHETHER SUCH DAMAGE WAS FORESEEABLE AND WHETHER OR NOT KOLONI HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, AND NOTWITHSTANDING THE FAILURE OF ANY AGREED OR OTHER REMEDY OF ITS ESSENTIAL PURPOSE.

OR ANY SPECIAL, EXEMPLARY OR PUNITIVE DAMAGE ARISING FROM OR RELATING TO THE WEBSITE OR VENDOR SOFTWARE AND SERVICES, INCLUDING WITHOUT LIMITATION, YOUR ABILITY OR INABILITY TO ACCESS OR USE THE WEBSITE OR VENDOR SOFTWARE AND SERVICES, EVEN IF WE ARE AWARE OR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH LOSSES OR DAMAGES. FURTHER, IN NO EVENT WILL OUR TOTAL CUMULATIVE LIABILITY TO YOU AND ALL THIRD PARTIES ARISING FROM OR RELATING TO THE WEBSITE OR VENDOR SOFTWARE AND SERVICES EXCEED THE AMOUNT WE HAVE ACTUALLY RECEIVED FOR YOUR ACCESS OR USE OF THE WEBSITE OR PERFORMANCE OF VENDOR SOFTWARE AND SERVICES DURING THE TWELVE MONTH PERIOD IMMEDIATELY PRECEDING THE DATE OF THE CLAIM, OR TWENTY-FIVE DOLLARS (US\$25.00), WHICHEVER IS GREATER.

SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF CERTAIN WARRANTIES OR THE LIMITATION OR EXCLUSION OF LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES, IN WHICH EVENT; SOME OF THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU.

9. Term, Automatic Renewal; Suspension, Termination, Survival. This Software License and Services Agreement will begin as of the date the Services Agreement is entered into, and will continue until the end of the Term as stated in the Services Agreement.

We may suspend, limit or terminate your account or Vendor Software and Services at any time if you are in default of this Software License and Services Agreement or Services Agreement.

Upon termination of this Software License and Services Agreement, all of your rights and licenses under this Software License and Services Agreement will terminate, and your ability to access or use the Website or Vendor Software and Services may be limited or blocked, and except as otherwise authorized by us, you must return or destroy all software and all materials with confidential information provided or disclosed by us in connection with this Software License and Services Agreement or Vendor Software and Services.

10. Reserved.

11. Confidential Information.

11.1. Except as otherwise authorized by the relevant party in writing, Vendor and Company will keep confidential other non-public information reasonably disclosed by or on behalf of, and belonging to, the other party in connection with transactions contemplated by this Software and Services Agreement, provided however, Vendor is permitted to use and disclose Collected Information to the extent permitted by Section 4 (Collected Information).

11.2. The receiving party will protect the other party's confidential information with the same degree of care as it uses to protect its own confidential information, and may share the confidential information with its advisors and consultants who are bound by confidentiality obligations consistent with the receiving party's obligations. If the receiving party receives a request pursuant to a court order, governmental body request or other legal process to disclose the other party's confidential information, the receiving party will promptly notify the other party and provide reasonable assistance to maintain the confidentiality of such information. The receiving party will not be subject to confidentiality obligations for confidential information that (a) at the time of receipt was already known to it without confidentiality obligations; (b) becomes publicly known through no wrongful act of the receiving party; (c) was received from a third party without confidentiality obligations or knowledge that the information was subject to confidentiality obligations; (d) was disclosed to third parties by the other party without confidentiality obligations; (e) is independently developed by the receiving party without use of the confidential information of the other party, or (f) was released pursuant to prior written authorization by the other party.

12. Intellectual Property. The subscription rights and licenses granted herein are limited to the specific rights and duration listed in this Software and Services Agreement. We reserve all rights not expressly granted, nothing in this Software and Services Agreement grants, by implication, waiver, estoppel, or otherwise to you or any third party intellectual property rights or other right, title, or interest in or to the our intellectual property.

You may not disassemble, decompile or otherwise reverse engineer or attempt to reconstruct or discover any source code, or underlying ideas or algorithms for Vendor Software and Services or associated software, You also may not (i) reverse engineer, decompile, disassemble, or reconfigure any software used or made available in connection with the Vendor Software and Services, or (ii) use such software to provide functionality or data for use by third party software or services, except as expressly authorized by us and applicable law which cannot be waived by this provision or as expressly authorized in writing by Vendor.

Vendor Software and Services and all content that appears on or in connection with the Website are copyrighted works of Vendor and/or our suppliers, and may not be used, copied, stored or distributed in any manner in whole or significant part except as provided by the Software and Services Agreement or with prior written permission of Vendor.

This Software and Services Agreement, and all related licenses, Software and Services Agreements, policies and guidelines, if any, are copyrighted works of Vendor and the Third party Software Owner and may not be used, copied, stored, or distributed in any manner in whole or significant part except with the prior written permission of the applicable copyright holder(s).

You may not use, display, alter or remove Vendor trademarks except with our prior written permission on any Software or hardware goods. Third party trademarks belong to and are subject to policies and use restrictions of their respective owners.

Notwithstanding anything to the contrary in this Agreement, we may temporarily suspend your and any authorized end user's access to any portion or all of the Vendor Services if: (i) we reasonably determines that (A) there is a threat or attack on any of the our IP; (B) You or any end user's use of the our IP disrupts or poses a security risk to the our IP; (C) You, or any end user, is using the our IP for fraudulent or illegal activities; (D) subject to applicable law, you have ceased to continue its business in the ordinary course, made an assignment for the benefit of creditors or similar disposition of its assets, or become the subject of any bankruptcy, reorganization, liquidation, dissolution, or similar proceeding; or (E) Our provision of the Vendor Services to you or any end user is prohibited by applicable law; (ii) any of our providers have suspended or terminated our access to or use of any third-party services or products required to enable you to access the Vendor Services. We shall use commercially reasonable efforts to provide written notice of any Service Suspension to you and to provide updates regarding resumption of access to the Vendor Services following any Service Suspension. We shall use commercially reasonable efforts to resume providing access to the Vendor Services as soon as reasonably possible after the event giving rise to the Service Suspension is cured. We will have no liability for any damage, liabilities, losses (including any loss of data or profits), or any other consequences that you or any other user may incur as a result of a Service Suspension.

Aggregated Statistics. Notwithstanding anything to the contrary in this Software Services Agreement, we may monitor your use of the Vendor Services and collect and compile aggregated Statistics. As between us and you, all right, title, and interest in aggregated statistics, and all intellectual property rights therein, belong to and are retained solely by us. You acknowledges that we may compile aggregated statistics based on your data input into the Vendor Services. You agree that we may (i) make aggregated statistics publicly available in compliance with applicable law, (ii) use aggregated statistics to the extent and in the manner permitted under applicable law, and (iii) use aggregated statistics for any lawful purpose.

RE: Bike Ped Coordinator Updates

COVID Cycling Trends

The drastic changes to the transportation landscape seen over the past 9 months have seen some positive impacts to both the trip volume of current cyclists as well as the number of individuals participating in cycling overall. Council staff have gathered some data on this topic from sources using several different measurement methods.

Strava

Council staff gained access to the Strava Metro [dashboard](#) and have localized active transportation data for both Kane and Kendall counties. The data are compiled from individual user entries into the Strava mobile application, and are contextualized within the past four years.

2020 data for Kane County shows that total bicycle trips have more than doubled over the norms from the previous three years, the number of individuals reporting trips has almost doubled, working age adults and children have garnered an increased proportion of total trips, and the ratio of locals to visitors making cycling trips within the county has increased from 1:2 to 1:1.

2020 data for Kendall County shows that total bicycle trips have total bicycle trips have more than double over the norms from the previous three years, the number of individuals reporting trips has increased by ~60%, young adults and children have garnered an increased proportion of total trips, and the ratio of locals to visitors making cycling trips within the county has increased from 1:5 to 1:4.

Replica

Council staff have had access to [Replica](#) data since October of 2019. Replica have recently updated their dashboard to provide visuals of year over year changes in trip modes. Replica actually reports an oscillating trend for bicycle trips, where the lockdown periods in March and more recently see barely increased (or near same) 2020 mode share in Kane County for bicycles and the months in between see decreased mode share. This should be taken with a grain of salt; however, because Replica is only reporting data for weekday trips in this instance, not weekend. The data showed substantially similar weekday trends for Kendall County.

Google Mobility

Council staff have been compiling data reported from Google Maps on changes in trip navigation requests from January 2020. The trip request data were broken out not by mode but by location type. Data for parks in Kane County showed 200-300% weekend spikes in requests for trips, with lower differentials for weekday values. This is perhaps consistent with the data reported from Replica. Kendall County requests for the same trip type were statistically significant for reporting purposes.

Illinois Transportation Enhancement Program 2020 Initial Results

Council staff attended the December CMAP Bicycle and Pedestrian Task Force meeting, at which the Active Transportation Alliance reported initial results for ITEP applications for Cycle 14:

- Cycle 13 (2018) ~230 applications, \$30M in funding available
- Cycle 14 (2020) ~250 applications, \$105.6M available

It is expected that a much higher ratio of applications will be approved, provided the average cost per project has not substantially increased. The next round of ITEP applications is due to occur in 2022.

Fox River Trail Signage Inventory Updates

Batavia

Council staff are in the process of updating the Fox River Trail Signage Inventory to accommodate substantial changes to signage in Batavia. It is anticipated that the signage map will be updated with the new information prior to the meeting.

Tri-Com Dispatch

The Fox River Trail Signage Inventory included rural address mile markers and mile markers, which council staff recently provided to Tri-Com central dispatch due to reports of emergency calls on the Fox River Trail where responders were asked to locate callers based on mile markers. Both existing and future signs were provided.

Batavia Bicycle Commission

The Batavia Bicycle Commission is currently working on plans to address local safety issues on the Fox River Trail within the City of Batavia. The Commission is currently working on creative signage ideas as well as trail alterations to this effect. The City of Batavia has also included an update to their Bicycle and Pedestrian Plan in their 2021 city budget.

People for Bikes Advocacy Academy

[People for Bikes](#) is an advocacy group that operates nationwide, and is well known for their comprehensive bicycle friendliness [ratings](#). City ratings are available for Aurora, St Charles and Batavia.

People for Bikes, through their Advocacy Academy, is hosting a video series for city leaders, decision makers and advocates. There are three parts to this series:

- Series 1 (Recordings available): Lessons from the Best Biking Cities
- Series 2 (Recordings available): Understanding the People for Bikes City Ratings
- Series 3 (Available soon): How to Make a City Great for Biking

FHWA Pedestrian Safety Action Plan

The FHWA has been conducting efforts focused on targeting pedestrian safety, in response to increased pedestrian deaths since the recession and now further increased pedestrian deaths during the COVID pandemic. Per the National Highway Traffic Safety Administration, pedestrians comprised 17 percent of traffic fatalities in 2019. Several steps have been taken by the FHWA, including the establishment of October 2020 as Pedestrian Safety Month and the release of the FHWA STEP (Safe Transportation for Every Pedestrian) countermeasures [resources](#).

Most recently on November 23rd, the USDOT released the Pedestrian Safety Action Plan, outlining summary statistics regarding pedestrian crashes, accomplished goals through 2020, and future goals beyond 2020. Take a look at the plan [here](#).

Bicycle and Pedestrian Resources for KKCOT

Council staff would like to remind members of the Bicycle and Pedestrian Committee of some of the resources we have available on the Bicycle and Pedestrian Resources [page](#) on the KDOT website as well as the Bike/Ped Info page on the KKCOT [website](#).

These include:

- [KKCOT Bike Ped App](#) (Continuously Updated)
- [KKCOT Bicycle Facilities Implementation Dashboard](#) (Continually Updated)
- [Kane and Northern Kendall County Bike Map](#) (Updated – will not be printed until completion of Longmeadow Parkway Trail)
- Fox River Trail Signage Inventory (Continually Updated)
 - [Signage Spreadsheet](#)
 - [Location Map](#)
