Base map adapted from U.S. Geological Survey map of Kane Co., scale 1:100,000, 1976. Subject data provided by the Kane County Division of Transportation, Kane County Forest Preserve Department, Kane County Development Department, and numerous city and municipal officials.

Infacing marginal ticks refer to the Illinois Coordinate System, East Zone. Interval is 25,000 feet.

Numbers bordering the map and aligned with section lines are a house numbering system that indicates distance north, south, and west of a zero point established at the intersection of State and Madison Streets in Chicago. Base lines are extended north-south and east-west of this point, making a grid approximately one-mile by one-mile square. For house numbering, the one-mile sections are broken down into 500 even numbers on the north or west sides and 500 uneven numbers on the south or east sides of the street.

The municipal boundaries shown are correct as of March 30, 2015.
