Need to travel beyond Kane County? ADA Paratransit serves the wider region.

ADA Paratransit is a shared ride, origin-to-destination transportation option within the six-county RTA region, for eligible riders whose health or disability condition(s) prevent them from using fixed route buses or 'L' trains for some or all of their trips. Riders must qualify through the RTA ADA certification process (not age-based). ADA Paratransit services operate within three-quarters of a mile of CTA or Pace fixed bus routes or CTA 'L' train stations —covering a wider area than Ride in Kane. Cross-county trips may require transfers between ADA carriers.
