LaFox Road Closure Scheduled October 17th Thru November 17th

October 3, 2025 - LaFox Road will be closed between Dillonfield Drive and approximately 1,000 feet north of the UPRR tracks starting the week of **October 17, 2025, through November 17, 2025 (weather permitting)**, to allow crews time and room to modify the roadway for the new Bunker Road/LaFox Road intersection

The work will involve large heavy equipment in and around the new intersection and roadway shoulders as crews prepare the area for a new access to the Metra train station in 2026.

Traffic Impacts:

- A detour route will be in place using Route 38, Keslinger Road, and Peck Road (C.H. 84) to safely move traffic around the construction zone.
- Local access will be maintained for homes located adjacent to LaFox Road.
- Commuters traveling to the train station may want to allow additional time during this work.

Visit our [Traffic Advisories](#) webpage for more information on road closures, detours, and active KDOT projects.

*Motorists should expect delays while traveling through the work areas, consider alternate routes and expect additional commute time. Motorists are asked to reduce their speed, watch for construction workers and vehicles entering and leaving the site and obey flaggers and traffic control devices. **It is illegal to talk or text on a cell phone while driving.***
