Nighttime Resurfacing Scheduled on Randall Road

September 22, 2026 - Nighttime pavement resurfacing on Randall Road between Keslinger Road and Illinois Route 38 is scheduled to begin this week, weather permitting. The work is anticipated to take approximately two months to complete.

Paving operations will take place from 8:00 p.m. to 5:00 a.m., Monday through Friday, to minimize daytime traffic impacts. Temporary lane closures will be required during construction, and motorists should expect trucks and construction equipment entering and exiting live traffic lanes.

Motorists are asked to use extra caution while traveling through the work zone, follow the directions of flaggers, and watch for workers and equipment.

The Randall Road paving is part of Kane County's Annual County Resurfacing Program, which helps extend the service life of County roadways.

Visit our Traffic Advisories webpage for more information on road closures, detours, and active KDOT projects.

Motorists should expect delays while traveling through the work areas, consider alternate routes and expect additional commute time. Motorists are asked to reduce their speed, watch for construction workers and vehicles entering and leaving the site and obey flaggers and traffic control devices. ***It is illegal to talk or text on a cell phone while driving.***
