Partial Road Closure on Hughes Road for Culvert Replacement

August 21, 2024 - Culvert replacement work is scheduled to begin on Hughes Road, approximately 2,300 ft west of Bunker Road, the week of August 26th and should be completed within 4 weeks, weather permitting. The work will require a permanent single lane road closure with temporary signals on Hughes Road for the duration of the project to protect the safety of the motoring public and workers. The planned work will consist of new concrete culvert end sections, pipe culvert installation, guardrail removal, riprap installation, and all other work necessary to complete the project.

Visit our [Traffic Advisories](#) webpage for more information on road closures, detours, and active KDOT projects.

*Motorists should expect delays while traveling through the work areas, consider alternate routes and expect additional commute time. Motorists are asked to reduce their speed, watch for construction workers and vehicles entering and leaving the site and obey flaggers and traffic control devices. **It is illegal to talk or text on a cell phone while driving.***
