Keslinger Road Closure Scheduled for June 1st

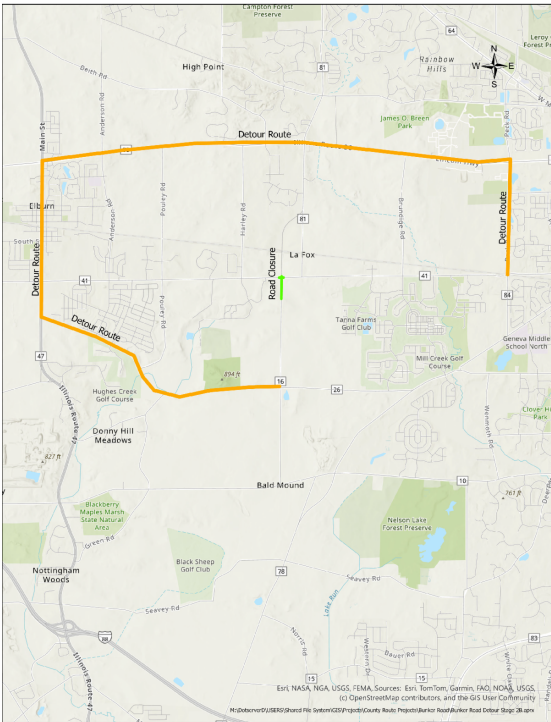

May 21, 2026 - Keslinger Road will be closed between La Fox Road and Harley Road beginning the week of June 1st, weather permitting, to facilitate construction of a new roundabout at the intersection of Bunker Road and Keslinger Road.

The project includes full removal of the existing roadway and construction of a new concrete roundabout, storm sewer system, and roadway lighting. Due to the use of large, heavy equipment throughout the work zone, a full road closure will be required.

A posted detour route utilizing Peck Road, IL Route 38, IL Route 47, and Hughes Road will direct traffic safely around the construction zone.

Access to the train station from the north will be maintained during construction via the newly constructed Bunker Road connection at La Fox Road. Commuters traveling to the train station are encouraged to allow additional travel time during construction.

This work is anticipated to be completed by November 2026, weather permitting.

Visit our [Traffic Advisories](#) webpage for more information on road closures, detours, and active KDOT projects.

*Motorists should expect delays while traveling through the work areas, consider alternate routes and expect additional commute time. Motorists are asked to reduce their speed, watch for construction workers and vehicles entering and leaving the site and obey flaggers and traffic control devices. **It is illegal to talk or text on a cell phone while driving.***
